

SPECIFICATIONS & FEATURES	2WD		
	270T AT GS	270T AT GE	270T AT GL
DIMENSIONS & PERFORMANCE			
Length*Width*Height (mm)		4695 × 1885 × 1700	
Wheelbase (mm)		2710	
Fuel Tank Capacity (L)		55	
Curb Weight (kg)		1517~1582	
Engine Technics		GDI, Electronic Control Variable Displacement Oil Pump Technology, GCCS & E-Turbo & DCVVT	
Displacement (cc)		1495	
Max. Power (kW/rpm)		124/5000	
Max. Torque (N·m/rpm)		265/1700-4000	
Transmission Type		Aisin 6AT	
Wheel drive		2WD	
Seating Number		5	
Fuel Consumption Under Comprehensive Road Conditions (L/100km)		7	
Suspension		Front: McPherson Independent Suspension Rear: Multi-link Beam Independent Suspension	
Brakes		Front: Ventilated Disc Brakes / Rear: Disc Brakes	
Steering		Electric Power Steering (EPS)

  2. GAC MOTOR strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options or option packages are available separately and some may not be available in all regions of the country. Please consult your local GAC MOTOR dealer for more detailed information on the available options or option packages, including configurations, service, parts and accessories.
  3. Seatbelts should be worn at all times.
  4. This brochure is for presentation purpose only. The included information, pictures, illustrations, features, design, performance, dimensions herein are intended only as a general guidance to assist the buyer to form an initial view of the offered product and its specifications, which might not correspond completely to a certain category. Some vehicles are shown with available equipments.
  5. All information presented herein is based on data available at the time of publication and is subject to change without prior notice and remains specifically to Middle East region only (may differ in other regions).
  6. The vehicle which is shown in the brochure does not completely align with the actual model. Please contact your local GAC MOTOR dealer for more details about the actual models in your region.
  7. The GAC trademark mark, vehicle model names, vehicle body designs and other marks and designs appearing in this brochure are the IP rights of GAC MOTOR, its subsidiaries, affiliates or licensors.

GS5  
EXPLORE THE NEW EXPERIENCE

## Light-and-Shadow Sculpting 3.0 Reinventing the GAC MOTOR Design

The front face imposes an impressive and elegant visual impact. The design accentuates the beauty and strength of its own form.

## Aesthetics of Light and Shadow

### Standing Out from the Crowd

Eagle Wing 3.0 Flying Dynamics Grille

Stylish Rearview Mirror Turn Signals

Hooked Whale Fin D-Pillar  
Design

Dazzling Matrix LED  
Headlights

Connected LED Taillights

## Powerful Engine

Driving Forward with Passion

**Max Power: 124/5000 (kW/rpm)**  
**Max Torque: 265/1700-4000 (N·m/rpm)**

**7L per 100km**  
**High fuel efficiency**  
(Under comprehensive road conditions)

### Six Key Breakthroughs GAC MOTOR 270T Engine

#### Further Mixing

The Bosch 2nd-gen high-pressure injection system adjusts the fuel spray based on the dimensions of the combustion chamber, implementing further fuel mixing.

#### More Stable Combustion

Multiple injections in a single cycle ensure the stability of combustion, accelerate catalytic converter ignition and reduce emissions and fuel consumption.

#### Better Distribution

The electronically controlled variable displacement oil pump provides better oil distribution and reduces fuel consumption by 2.5% during the NEDC cycle.

#### More Creative Technology

The patented GCCS combustion control technology increases the burning speed and reduces fuel consumption.

#### Faster Response

The BorgWarner low-inertia electronically controlled wheeled eBooster delivers a faster transient response and peak torque at ultra-low speeds.

#### Higher Efficient Combustion

The DCVVT mechanism allows for higher efficient combustion, effectively increasing the moderate and low-speed torque and the high-speed power.

## Hero Product Chassis, finely calibrated by Global Master Craftsmen

### Revolutionized Dexterity

<b>34.77m</b>	Ultra-short braking distance
<b>2.58°</b>	Roll angle
<b>0.96°</b>	Brake dive angle
<b>66km/h</b>	Double lane change max passing speed
<b>0.088s</b>	Rapid steering response time
<b>74km/h</b>	Anti-rollover max speed

**McPherson independent front suspension and multi-link beam independent rear suspension**

### Aisin 6AT

- Quick shifting response, excellent fuel efficiency and worry-free driving experience.
- Low fuel consumption and fast shifting
- Self-learning and adaptive intelligent control
- New functions "Neutral Control" and "Start - Stop"

## High Performance Chassis

Calm and Confident  
in All Situations

## Expansive Cabin

Enjoyable driving experience

Ultra-long 2710mm wheelbase

## Minimalist but Elegant Cabin, More Space for More Possibilities

The minimalist design combines practicality and beauty. By removing complexities and constraints, the vehicle maximizes its space, creating a spacious interior that is pleasing to sense and mind.

Split armrest design

Oversized trunk space and multi-functional seat arrangements

Rear seat height of 1019mm and backseat legroom of 985mm

## DENSO Dual-Zone Automatic Air Conditioning

Working with the prestigious climate control system provider DENSO, we developed an innovative dual-zone climate control system, which can meet the cooling and heating needs of driver and passengers in different zones in the vehicle.

## Air-filter (PM2.5) Air Fresh System

PM 2.5 filter to produce fresh air for you and to keep you away from the impurities outside the vehicle.

Super-size 0.42m<sup>2</sup> panoramic sunroof

Wireless mobile charging

C-ECAP Gold-Medal Quality Interior
